National Research Week Celebrated at VA Medical Center

VA Western New York Healthcare System invites the public to poster session and attend live researcher presentations as part of National Research Week, May 16-20. This year's theme is *The Path of Progress*. Presentations will begin on **Wednesday, May 18, from 2-4pm**, Freedom Hall (Room 301) Buffalo VA Medical Center, 3495 Bailey Avenue, Buffalo, New York. View outstanding posters presenting both current and past VA Western New York Healthcare System research.

On **Thursday, May 19**, at the adjacent and connected VA Research Building 20 an open house and guided tours will take place from 11am-1pm. Tour our Research Building 20 and see the new Super Resolution Microscope, a Confocal Microscope and Extracellular Flux Analyzer in action!

Questions on these events should be directed to Evangeline Conley, VA Public Affairs Officer (Wednesday), using the contact information above, or Terry McGuire, VA Public Affairs Specialist (Thursday), at 716-954-0369.
