VA Western New York Healthcare System to Hold My HealthVet Day

Local veterans are invited to My HealthVet Day on Wednesday, August 8, from 9 a.m. to 2 p.m. in the lobbies of all VA Western New York Healthcare System facilities including the Buffalo Medical Center and Community Based Outpatient Clinics in Dunkirk, Jamestown, Lackawanna, Lockport, Niagara Falls, Olean and Springville and in the Primary Care Waiting Area at the Batavia Medical Center.

My HealthVet is VA's award-winning online Personal Health Record (PHR), located at www.myhealth.va.gov. It offers users anywhere, anytime access to health care information, resources and tools. Enrollment in My HealthVet allows veterans to become an active partner in their health care.

In the past year, more features have been added including viewing VA appointments and checking chemistry/hematology laboratory results. The most popular feature is online prescription refills. Those with an upgraded account, may also send a non-urgent Secure Message to participating members of their VA health care team.

Giveaways will be provided during the event. For more information, call Sue Genova, My HealthVet Coordinator, at (716)862-7371.
