Veterans Information Events at VA Clinics in Erie County

VA Western New York Healthcare System will be holding information events at the VA Clinics in Lackawanna, 227 Ridge Road **Saturday, November 3** and in Springville, 27 Franklin Street **Saturday, November 17** to help Veterans learn about VA health care benefits and other benefits. The events will take place from 10a.m. to 1p.m. and offer a chance for Veterans to see VA health care available in their own community.

Veterans are encouraged to attend to learn more about benefits they may have coming to them as the Department of Veterans Affairs and other counselors will be on-hand and available to answer questions. Veterans need to bring their discharge papers along with their financial information from 2011 for accurate benefits counseling. VA offers a wealth of health care options to include benefits for returning Operation Enduring Freedom/Operation Iraqi Freedom/Operation New Dawn and Women's health and My Health~~e~~Vet, an online personal secure health record.

For more information on each event call 822-5944 (Lackawanna) or 592-7400 (Springville) or visit www.buffalo.va.gov or www.facebook.com/VAWesternNY.
