Grand Opening of Parking Garage at VA Western New York Healthcare System

VA Western New York Healthcare System announces the grand opening of a new parking garage at the facility at 3495 Bailey Avenue, Buffalo, with a ribbon cutting ceremony on Friday, November 16 at 10 a.m.

Key features of the new parking ramp include improved patient drop off and pick up through the use of four vehicle lanes. Two lanes provide protection from inclement weather.

An elevator provides quick service from either the ground or third level parking areas. High efficiency fluorescent and LED lighting provide a bright and clear driving environment during the day and night.

Additional landscaped islands and the use of bronze louvers in key areas help to minimize the overall height of the parking ramp and aid in unifying the new ramp with the main hospital. A total of 386 spaces for private vehicles and accessible vans offer Veterans parking adjacent to the main building. The approximate cost for the parking garage was \$7.1 million.
